

Hosting at KAVA

KAVA is a village reimagined for our generation —
a place in nature for people to learn, make, explore,
rest and spend time together.

We'd love for you to host your retreat, workshop,
gathering or experience at KAVA.

Come make something happen here.

Easy to reach. Far enough to feel away.

KAVA is on the outskirts of **Nagpur, Maharashtra**, a well-connected city in **Central India.**

It is around 15 km from Nagpur International Airport on Wardha Road and 22 km from the railway station.

KAVA Youth Village sits on 10 acres within a 25-acre property, next to a forest, with trees, open spaces and farmland all around.

Hosting Contribution

KAVA is in its first season, and we're keeping hosting open and flexible.

Rather than a fixed charge, we want to focus on creating a great experience together first.
Pay what feels right based on your group, the length of your stay and what you take back from KAVA.

KAVA is still being built.

The spaces, the community, the stories, the experiences.

Come be a part of building it with us.
